## **Farm Tour - Bookings Essential**

Farm tours are conducted at 10:30am daily for group bookings. Experience the entire farm and its various crops which include strawberries, pineapples, lychees, tomatoes, cucumbers and a few smaller crops.

The Gowinta Express snakes its way around the entire farm and makes regular stops so visitors can take a closer look at how we grow each crop.

*Please note some crops are seasonal and may not be in fruit at the time of your visit, however there's plenty to learn about the life cycle and growing techniques of all of our crops.*

Your farm tour takes approximately 70 - 90 minutes.

Adults \$10  
Pensioners/Seniors \$7  
Children \$5
